

Rules for Benefit Changes During the Year

Other than during annual open enrollment, you may only make changes to your benefit elections if you experience a qualified status change or qualify for a “special enrollment”. At the time the change is requested you may be required to submit proof of the change or evidence of prior coverage.

Qualified Status Changes include:

- **Change in legal marital status**, including marriage, divorce, legal separation, annulment, and death of a spouse
- **Change in number of dependents**, including birth, adoption, placement for adoption, or death of a dependent child
- **Change in employment status that affects benefit eligibility**, including the start or termination of employment by you, your spouse, or your dependent child
- **Change in work schedule**, including an increase or decrease in hours of employment by you, your spouse, or your dependent child, including a switch between part-time and full-time employment that affects eligibility for benefits
- **Change in a child's dependent status**, either newly satisfying the requirements for dependent child status or ceasing to satisfy them
- **Change in place of residence or worksite**, including a change that affects the accessibility of network providers
- **Change in your health coverage or your spouse's coverage** attributable to your spouse's employment
- **Change in an individual's eligibility for Medicare or Medicaid**
- **A court order** resulting from a divorce, legal separation, annulment, or change in legal custody (including a Qualified Medical Child Support Order) requiring coverage for your child.
- **An event that is a special enrollment under HIPAA** (the Health Insurance Portability and Accountability Act) including acquisition of a new dependent by marriage, birth or adoption, or loss of coverage under another health insurance plan.
- **An event that is allowed under the Children's Health Insurance Program Reauthorization Act (CHIPRA)**. Under provisions of the Act, employees have 60 days after the following events to request enrollment:
 - employee or dependent loses Medicaid/CHIP coverage.
 - employee or dependent becomes eligible for Medicaid/CHIP premium assistance.

Two rules apply to making changes to your benefits during the year:

- Any changes you make must be consistent with the change in status, AND
- You must make the changes within 31 days of the date the event occurs (unless otherwise noted above).

Additional Information Regarding Your Benefits

The Newborns and Mothers Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

The Women's Health and Cancer Rights Act

The Women's Health and Cancer Rights Act ("WHCRA") requires employer groups to notify participants and beneficiaries of the Group Health Plan (the "Plan"), of their rights to mastectomy benefits under the Plan. Participants and beneficiaries have rights to coverage to be provided in a manner determined in consultation with the attending Physician for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits are subject to the same deductible and co-payments applicable to other medical and surgical benefits provided under this Plan. For further details, please refer to the Plan's Summary Plan Description.

Health Insurance Portability and Accountability Act (HIPAA)

The Group Health Plan you are enrolling does not impose a pre-existing condition limitation or exclusion on new enrollees. Should you cancel coverage if you have a break in coverage less than 63 days, your previous coverage period can also be used to reduce any waiting period imposed by other plans. A pre-existing condition is defined as a physical or mental condition for which medical advice, diagnosis, care or treatment was recommended or received within the 6 month period ending on the start date of your waiting period.

Notice of Availability of HIPAA Privacy Notice

The federal Health Insurance Portability and Accountability Act of 1996 ("HIPAA") requires that we periodically remind you of your right to receive a copy of your employer's HIPAA Privacy Notice. You can request a copy of the Privacy Notice by contacting your Human Resource department.

Important Notice About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage through the CSAC EIAHealth Small group program and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. CSAC-EIAHealth has determined that the prescription drug coverage offered by the PPO, EPO and HMO plan designs are, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your CSAC-EIAHealth coverage will be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under your plan is creditable (e.g. as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage. However you will lose your Medical and prescription coverage through provided by your employer through CSAC-EIAHealth.

If you do decide to join a Medicare drug plan and drop your CSAC-EIAHealth prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.

(Continued)

Important Notice About Your Prescription Drug Coverage and Medicare

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with CSAC-EIAHealth and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through your employer changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

CHIPRA Notice

Medicaid and the Children’s Health Insurance Program (CHIP) Offer Free Or Low-Cost Health Coverage To Children And Families

If you are eligible for health coverage from your employer, but are unable to afford the premiums, some States have premium assistance programs that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for employer-sponsored health coverage, but need assistance in paying their health premiums.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, your employer’s health plan is required to permit you and your dependents to enroll in the plan – as long as you and your dependents are eligible, but not already enrolled in the employer’s plan. This is called a “special enrollment” opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance.**

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of January 31, 2011. You should contact your State for further information on eligibility –
