**RE: REQUEST FROM FEATHER RIVER RECREATION & PARK  
DISTRICT TO EXTEND THE MATURITY OF THE \$40,000  
GRANT TO ASSIST IN FUNDING ENVIRONMENTAL AND  
DESIGN ELEMENTS OF A PORTION OF THE BRAD FREEMAN  
TRAIL**

**DATE: FEBRUARY 4, 2015**

**SUMMARY**

The Committee may consider approving a request from the Feather River Recreation & Park District (FRRPD) to extend the maturity of the \$20,000 grant to assist in funding environmental and design elements of a portion of the Brad Freeman Trail.

**DISCUSSION**

On February 19, 2014 the SBF Steering Committee approved a grant to FRRPD to assist in funding environmental and design elements of a portion of the Brad Freeman Trail below and west of the Oroville Veterans Memorial and continuing into the Feather River Nature Center & Native Plant Park. The extension of the trail is considered the “missing link” in the 41 mile long trail. FRRPD has been working with its consultant, Melton Design Group, on the documents; however they will not be able to complete the documents by the current maturity of the grant which is April 1, 2015. FRRPD has requested, in writing, a one year extension to April 1, 2016 will allow ample time to complete the required documents.

**FISCAL IMPACT**

Funds have been previously allocated.

**RECOMMENDATION**

Approve the grant extension with a new maturity of April 1, 2016.
